Chaperones and Bus Drivers must have a ticket/wristband and pay all group fees

1 free ticket for group organizer (all others teachers/chaperones will need to purchase a ticket)

GUIDED ABOVE-GROUND LEARNING

Monday through Friday, March 15 - November 15

Cave and Karst Mini Course - \$100 per group of 50 participants
Discover Wisconsin's unique Driftless Area! Get more out of your cave experience with this in-depth look into cave science & walk through our karst landscape! One hour, above-ground program.

Geology of the Earth Mini Course - \$100 per group of 50 participants
Learn about rocks, fossils, & water with one of our knowledgeable educators! Add mining bags to your experience and we will sluice and ID with your group or if you prefer, we will take a hike & see local geology in action. One-hour, above-ground program. (Interpretation only; sluice bags must be purchased separately.)

Are you looking for a traditional guided tour?

GUIDED WINTER LEARNING

Monday through Friday, November 15 - March 15

The cave remains a constant 50°F year-round.

This traditional, personalized experience is available **ONLY** in the winter!

Underground Expert - \$100 per group of 50 participants
A private guided experience through the cave. Cave Educators will lead smaller groups through the cave for one hour, enhancing the visit with fluorescence and total darkness demonstrations. (Must be added to the self-paced ticket prices)

Sluice With a Scientist! - \$100 per group of 50 participants
A Cave of the Mounds-trained speleologist will lead you through the sluice mining activity and then teach you to identify your new collection of specimens. Approximately 45 minutes. (Staff interpretation only, bags must be purchased separately.)

OUTREACH LEARNING

Monday through Friday, November 15 - March 15

Cyber-Cave - \$100 per group of 50 participants
(We can use most online video conferencing systems)
Schedule one of our educators to meet with your students via live video and talk about the cave experience. We can guide your group through an interactive discussion about caves, rocks, fossils, geology, geodes, or we can prep for or recap your visit to experience our cave first-hand.
